November 7, 2011

To the NASS IDEAS Award Committee:

Attached you will find a completed application for the NASS IDEAS Award for 2011.

Thank you for the opportunity to submit my office's '*Corporations for Communities*' program for this prestigious award. I am very proud of this program and believe that corporations should be recognized as a vital part of our communities.

In this time, when corporations are reviled daily in the news for over-compensated CEOs and misuse of funds, it is important to recognize those tens of thousands of corporations that give back to their local communities through significant monetary or volunteer hour donations. This program gives much-deserved recognition to some of these terrific corporations.

Thank you very much for your consideration.

Sincerely,

SAM REED
Secretary of State
